# About **Gerbür**

## **Design and Function, Welcome to Gerbür**

Gerbür first started life as a collaboration by a group of German design students. Within two decades, Gerbür has grown exponentially, supplying flooring solutions to over 60 countries.

Gerbür first started producing laminate flooring in 1997. In 2005 our second production facility, specialising in the growing market sector of luxury vinyl tiles (LVT) was operational. Today we enjoy the enviable position as one of the World's top Laminate and LVT flooring manufacturers, producing in excess of 30 million square metres annually. Enjoying enviable market positions throughout Europe, North America and Asia, we are proud that as a global player, we have customers and partners in over 60 countries.

In Europe, our products are sold to consumers and professional contractors within the residential and commercial sectors. Main sales outlets are flooring and paint stores, as well as home improvement stores.

Our advantage lies in the fact that we have the capacity of a corporate group while retaining flexibility to meet our customers needs and increase revenue flow. Services offered include exclusive dealer territory and own brand custom packaging. Kindly contact us to discuss your requirements.

Innovation is a tradition for us, key international partnerships is our future.

**A satisfied  
customer  
is our best  
business  
strategy**

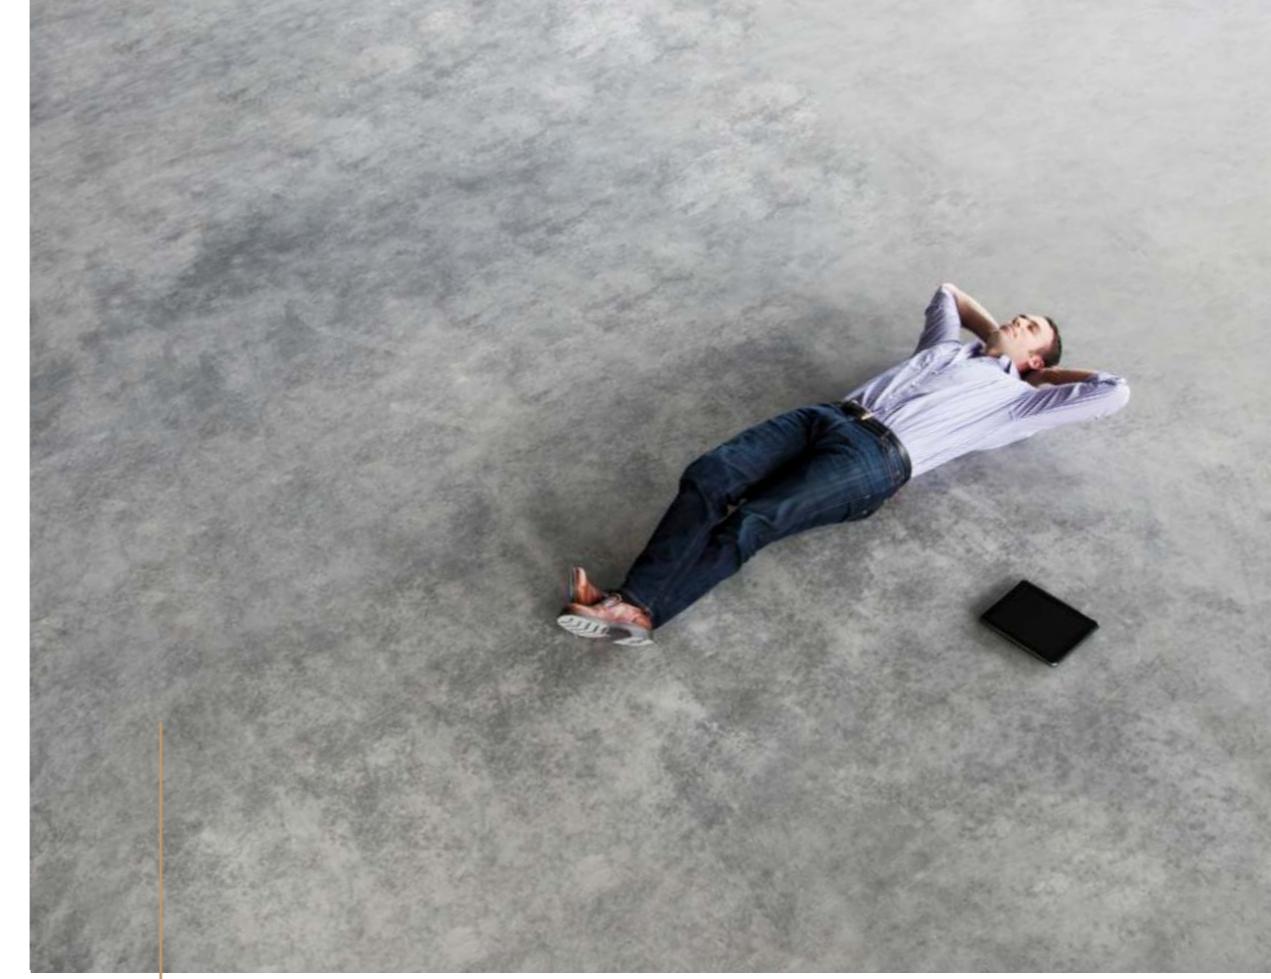

# Why Gerbür

1

## A stunning Collection

A stunning collection of high quality floors with the natural beauty and durability of stone flooring, yet with all the practical benefits of luxury vinyl tiles.

3

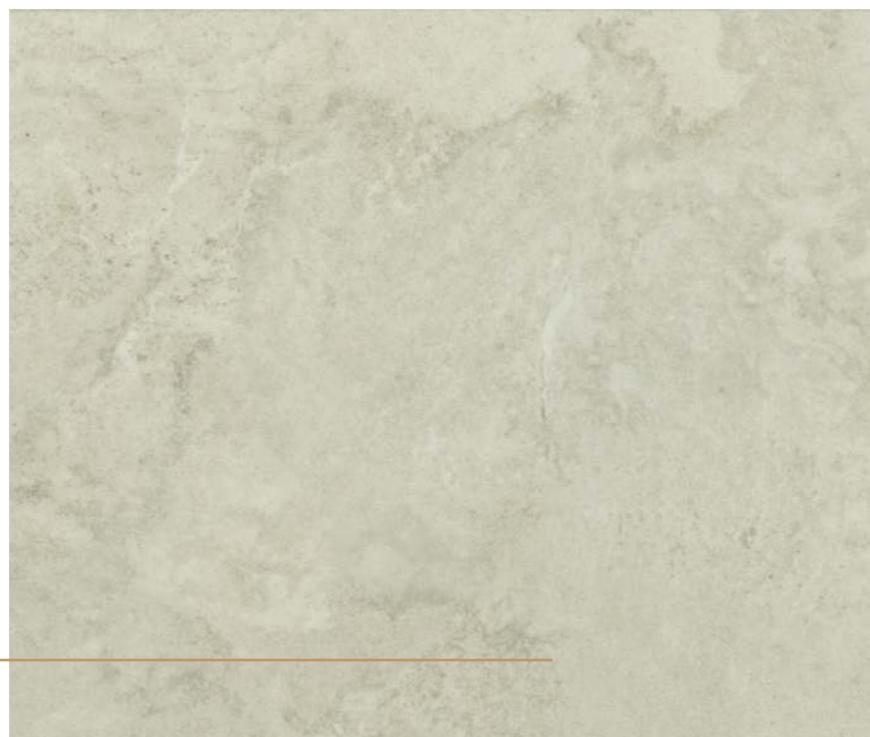

## Beauty and Elegance

There is a reason Gerbür has endured—it offers both beauty and elegance in equal measure. This classic style rewards the diverse beauty of stone, making it suitable for both conventional and modern business settings.

2

## A Real Stone Effect

Gerbür Vinyl plank floors are a contemporary marvel that give a high-end vinyl flooring product that may seem to be authentic stone flooring in a huge array of styles, effects, and patterns.

4

## Waterproof surface

Gerbür Vinyl tiles are 100% waterproof. Together with the Aqua Sealing Complete system, which covers the bevels, the floor is rendered watertight. This makes your flooring impervious to everyday spills and drops.

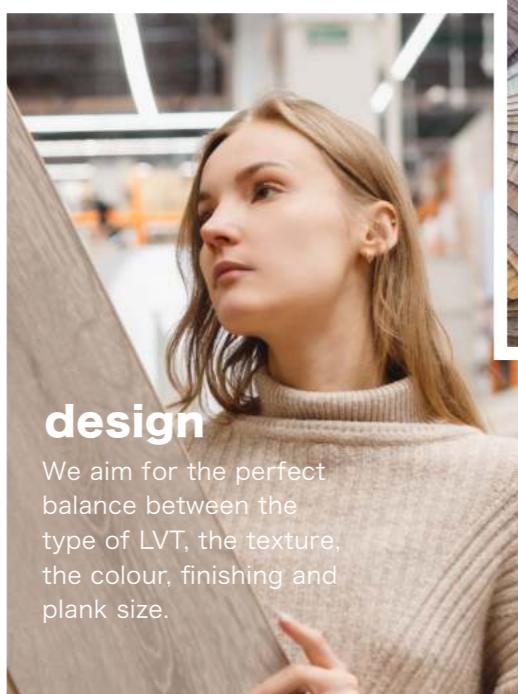

# Discover our passion for...

**Certified Product**  
All Gerbür flooring are FSC certified, indicating that they satisfy the criteria of the standards.

 FSC  
www.fsc.org  
FSC® C137271

 **Gerbür**  
Global Flooring Solutions

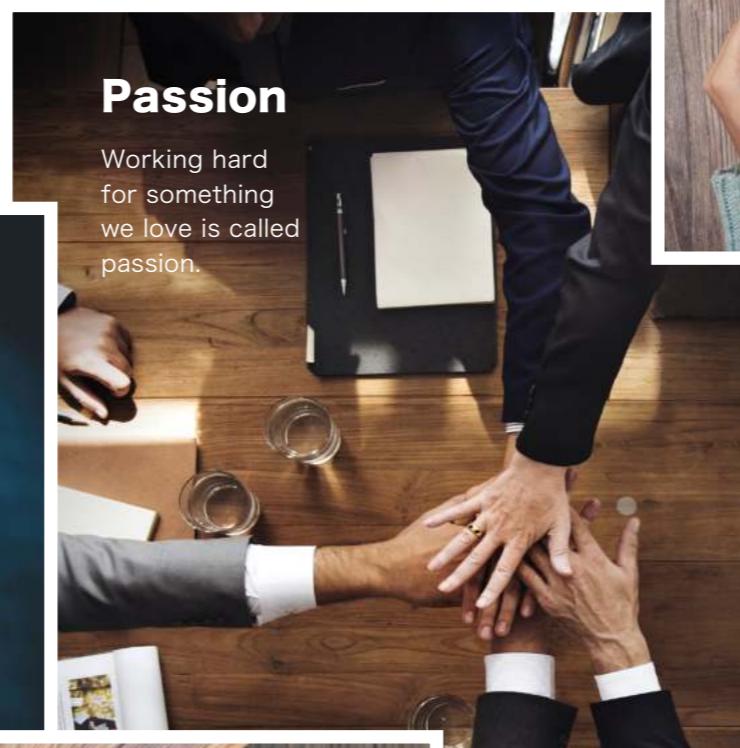

## design

We aim for the perfect balance between the type of LVT, the texture, the colour, finishing and plank size.

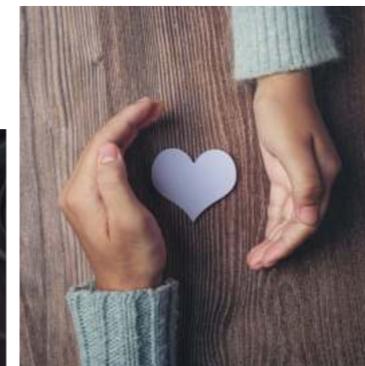

## Authenticity

Each tile has a distinct colour due to the use of various processes like fuming and special staining. As a result, we obtain a dynamic colour variation between the tiles, giving the appearance of natural stone.

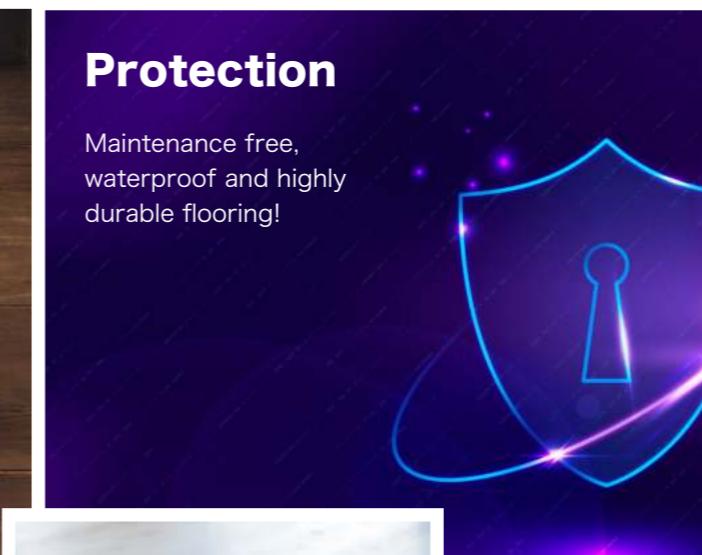

## Passion

Working hard for something we love is called passion.

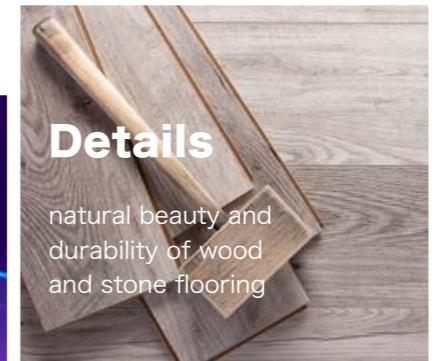

## Warranty

Gerbür floors are warranted to stay looking amazing for 10, 15, 20 years!

## Protection

Maintenance free, waterproof and highly durable flooring!

## Details

natural beauty and durability of wood and stone flooring

## Installation

Installation is quick and easy using the patented Uniclic® system.

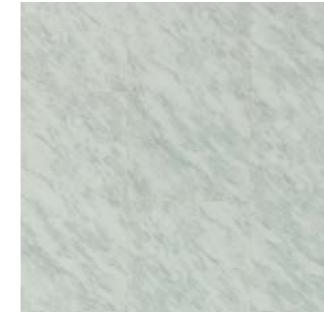

## Kid-Friendly

Kid-Friendly! Crayons, paint and permanent markers easily wipe off.

**Vinyl plank flooring is one of the most popular flooring types today for several reasons. It's low-maintenance, water-resistant, durable and cost-effective flooring.**

# Bianco

GBACST-01

The timeless, monumental appeal of Italian white marble is captured perfectly in Bianco - Stone Effect Vinyl Click Tiles from the Gerbür Aqua Click collection. This beautifully designed, superb quality flooring echoes the natural beauty of white marble with swirls of light grey - a look that has captured people's imagination for thousands of years, but is still very much in vogue. It's also fully waterproof and coated with Diamondshield, so it will last for many generations to come.

DIMENSIONS	304.8mm x 609.6mm x 4mm
Waterproof	Yes

# Calcarea

GBACST-02

Calcarea is a designer Stone Effect Vinyl Click floor from the Gerbür Aqua Click collection. Created to look just like real limestone, you can use these Vinyl Tiles throughout the house. This flooring choice is perfect for high-traffic areas and wet conditions and offers an anti-slip, highly durable surface - yet none of the porous qualities you get with real limestone. Its organic palette pairs well with virtually any interior style.

INSTALLATION	Uni-Clic - Floating Floor
DIMENSIONS	304.8mm x 609.6mm x 4mm
Waterproof	Yes

# Ardesia

GBACST-08

Although visually, it is the perfect reproduction of black slate, unlike real stone flooring-Ardesia requires very little maintenance and exudes warmth and comfort underfoot.

# Limecrete

GBACST-09

Drawing inspiration from traditional lime floors, Limecrete Gerbür Aqua Click Stone blends the best of classical style and functional modern materials. The light, neutral grey with subtle textures creates a natural old-timey feeling. Yet, the floor is made from SPC – an ultra-tough and 100% waterproof mixture of limestone and resin that is warm underfoot. You can combine it with light walls and earthy colours for a paired-back classical aesthetic – or, dress it up with antiques and classic artworks for a more lavish ambiance.

## Pervious

GBACST-10

With its warm tone, Pervious Gerbür Aqua Click Stone is a wonderful option for those who want a concrete look with softer, subtler impact. It is a faithful visual replica of concrete, but is made from SPC: comfortable underfoot, 100% waterproof and able to take heavy weights and impacts without denting. The floor's laid-back character is a lovely addition to rustic aesthetics – walls with stonework, wooden furniture and hearty fireplaces will reinforce its inviting charm.

## Liquid

GBACST-11

Liquid Gerbür Aqua Click Stone is a rough and speckled concrete-effect floor with charismatic tonal contrasts. Its distinguished complexion looks equally gorgeous in classical and modern spaces, and can be enhanced with many other concrete elements, from bathtubs to sinks and countertops. The floor is made from SPC, an incredibly tough and rigid material that is also 100% waterproof. It is therefore ideal for kitchens and bathrooms, even in commercial contexts, and comes complete with a 15 year residential or 7 year commercial warranty.

# Broom Finish

GBACST-12

A sleek concrete-effect floor, Broom Finish Gerbür Aqua Click Stone celebrates suave greyscale tones and subtle dents that create a modish surface. It works beautifully with a wide array of contemporary styles. You can match it with whites and restrained furniture for a clean, minimalistic look; or shades of grey and bulky, angular décor for a more industrial atmosphere – the opportunities are endless. Married with SPC's exceptional strength, 100% waterproof construction and warmth underfoot, it is remarkably versatile floor.

# Stamped

GBACST-13

Stamped Gerbür Aqua Click Stone provides a traditional concrete look combined with the comfort and convenience of SPC construction. Stone Plastic Composite (SPC), made from limestone and resin, creates a highly rigid core. It is not only the toughest vinyl product on the market, but also warm underfoot and has impressive soundproofing qualities. You can create a beautiful counterbalance by utilising the floor in spaces with garden windows or adorning it with lush indoor plants – emphasising the unity of natural and manmade elements.

# Texture

GBACST-14

Like a greyscale explosion, the powerful light and dark contrasts of Texture Gerbür Aqua Click Stone create an eye-catching surface. It is perfectly suited to dramatic spaces, giving you the freedom to go wild with interior design and décor. From industrial-chic aesthetics of exposed pipes and vaulted ceilings to avant-garde angles and neon colours, this floor has the gravitas to anchor any interior. Plus, SPC is exceptionally durable, 100% waterproof, fire-retardant and anti-slip – a magnificent allrounder in quality and style.

# Exposed Aggregate

GBACST-15

Pronounced scratches and scrapes give Exposed Aggregate Gerbür Aqua Click Stone a daring and dynamic personality. The floor replicates the textures produced by exposed aggregate concrete finishes, giving it an authentic character. It loves contrasts – counterbalancing the rugged concrete texture with smooth or silky furniture, or its dark grey tones with bright orange accents, will bring your space to life. Plus, SPC construction means the floor is warm, ultra-strong and 100% waterproof – backed by a 7 year commercial or 15 year residential warranty.

# Accessories

Once your floor has been fitted you can really see the impact a new LVT flooring has on your living spaces. However, without the addition of door bars or beading, it can still look unfinished. You really can get more out of your floor with Gerbür accessories – not only do they add that final flourish to the look of your floor, they also add extra protection against accidental damage. At Gerbür we offer all the accessories you need to get the perfect flooring finish. From adhesives which secure your floor to the sub-floor, to decorative door bars and stair nose, you'll find them in store and online. For more information on flooring accessories visit our friendly advisers in our local stores.

Investing in flooring accessories will:

- add the finishing touches to your rooms
- help to keep your flooring secure and looking great
- bridge gaps between rooms and flooring types for a seamless transition
- provide extra protection for your floor

Gerbür stock a range of flooring accessories for vinyl, laminate and luxury vinyl tiles. Getting the right accessories for your floor will ensure you get the perfect finish every time. It is easy to get confused, so make sure you get the right accessory for your needs.
