# About Gerbür

Gerbür first started life as a collaboration by a group of German design students. Within two decades Gerbür has grown exponentially, supplying flooring solutions to over 60 countries.

Gerbür first started producing laminate flooring in 1997. In 2005 our second production facility, specialising in the growing market sector of luxury vinyl tiles (LVT) was operational. Today we enjoy the enviable position as one of the World's top Laminate and LVT flooring manufacturers, producing in excess of 30 million square metres annually. Enjoying enviable market positions throughout Europe, North America and Asia, we are proud that as a global player, we have customers and partners in over 60 countries.

In Europe, our products are sold to consumers and professional contractors within the residential and commercial sectors. Main sales outlets are flooring and paint stores, as well as home improvement stores.

Our advantage lies in the fact that we have the capacity of a corporate group while retaining flexibility to meet our customers needs and increase revenue flow. Services offered include exclusive dealer territory and own brand custom packaging. Kindly contact us to discuss your requirements.

Innovation is a tradition for us, key international partnerships is our future.

# Why Gerbür

**Certified Product**  
All Gerbür flooring are FSC certified, indicating that they satisfy the criteria of the standards.

Each tile has a distinct colour due to the use of various processes like fuming and special staining. As a result, we obtain a dynamic colour variation between the tiles, giving the appearance of natural stone.

Gerbür floors are warranted to stay looking amazing for 10, 15, 20 years!
